

We've Moved!

THE VIRGINIA BRANCH OF CLEAR WATER MANUFACTURING has relocated from Amherst, VA to Madison Heights, VA. Our new building is a 21,000 square foot manufacturing facility located on over 5 acres of land. Please find our new address and contact information below.

“This move is fantastic for this branch and our employees are excited about working in the new facility. This new home for Clear Water provides us with more floor space allowing for additional machines which will increase our production capabilities.”

- Mike Cackowski

VP of Manufacturing, VA Manager

Our New Address:

161 Crenel Dr.
Madison Heights, VA 24572

CWM employees, including account managers Penny Harris and Bob Solar, are looking forward to being able to provide increased services to our customers. Our Production Foreman, Tim Campbell, is eager to add new members to his veteran production staff. Our new and improved environment is well suited to keep us the leader in the industry.
